Filed:	5 September 2003	Group Art:	3672
For:	Method for Using a Reciprocating Pump Vent Dump Valve		

**SUBMISSION OF CORRECTED FORMAL DRAWINGS**  
**and**  
**Acknowledgment of Examiner's Amendment**

To the Honorable Commissioner for Patents  
Mail Stop: Issue Fee  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

Dear Sir:

The Draftsperson, on PTO Form 948, rejected all drawings submitted with the application for the following reasons:

Item 3. Erasures, alterations, overwritings, interlineations, folds, copy machine marks not accepted. "1-15"

Item 6. Views not labeled separately or properly. Fig(s) "1"

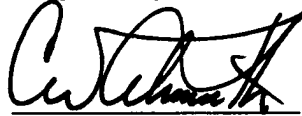

Comments. "(3) Remove all page numbers, names, etc. . .

Please accept the attached FORMAL drawings which are identical in content to the drawings submitted with the original application on September 5, 2003. The problems noted by the Draftsperson have been removed, and, it is believed, all other objections by the Draftsperson

have been corrected. The drawings add NO new material. A header identifying the drawings, docket number, inventor name, etc. has been added in keeping with the Rules.

The Examiner's amendment, which corrected an oversight on the part of Applicant's Attorney (namely the formal cancellation of Claims 7-10), is acknowledged with thanks.

Respectfully submitted
